CampusInbox label check - pre-filled by the assistant

These are the assistant's PROPOSED answers for the 50 mails on the earlier sheet (item numbers are the same). Please check them against the mails on that sheet. **Reply with just the item numbers you disagree with**, and if you want, your answer for them (e.g. "7 D 2001-05-09, 12 N"). Say "all fine" if you agree with everything. **D date** = the date by which someone must do something. **N** = no deadline. **X** = several or unclear dates. Event dates are not deadlines. Relative days count from the mail date. Note: a pre-filled sheet can nudge you toward my answers, so please read the mail first; the paper will say that these labels are AI-proposed and human-reviewed.
